

## *Empowered Church Goals*

There are five primary goals of the Empowered Church program:

**1. Help the church establish an ongoing evangelism cycle.**

The implementation of an ongoing evangelism cycle is one of the most important things your church can do to reach its evangelistic potential.

**2. Involve every department of the church in evangelism.**

In this way, the entire church is focused on the same goal of bringing the Advent message to those in the community. The Empowered Church program encourages communication between all of the church departments, enabling the church to build on the strengths of each department in a well-organized and coordinated effort.

**3. Involve as many members as possible in evangelism.**

Every church member possible should use their spiritual gifts and talents in a united way to advance the kingdom. Not every member can preach an evangelistic series, yet God has given each one unique abilities and talents that can be employed in the Lord's work. The Empowered Church program provides the training, resources, and opportunities for every member to utilize their God-given gifts.

**4. Ignite revival and spiritual renewal in the church.**

Fundamentally, evangelism is the moving of the Holy Spirit upon the hearts and minds of men and women while someone shares with them what Jesus has done in their own lives and what He wants to do in theirs. But for a person to tell others about Jesus, he must have a living experience with Christ himself. It is impossible to share what you do not have. It is for this reason that The Empowered Church program has a strong emphasis on spiritual revival and renewal.

## **5. Encourage the nurturing and discipleship of all believers.**

Every person in the church needs to be growing spiritually. Conversion is not the end but only the beginning of a person's spiritual journey. The Empowered Church program provides tools, resources, and training to help churches establish meaningful discipleship groups where believers can be encouraged to grow in their walk with Christ. The Empowered Church program is designed to encourage the nurturing and discipleship of all the members, especially new believers.
